## Ennio's moving with the times

Ennio International has been providing quality netting and casing solutions to the meat and poultry industry for over 25 years. Having recently exhibited at the AMI Expo in Chicago last October, they showcased new innovations in nettings and casings from their patented all-in-one Netted Casing range through to new and exciting innovations in the fabric casing area. You now have new choices in patterns, colors, applications and sizes allowing you to set yourself apart from your competitors, save resources and make your life easier.

Ennio's specialty is providing solutions that enable you to become more competitive in the market. Their products allow you to produce an attractive product for your customer which has the 'old world look' giving the perception of a premium quality product to differentiate you from your competitors.

Ennio is also pleased to announce the appointment of their new Director of Sales, Ralph G. Schuster, based in Illinois. Ralph brings a wealth of experience to the Ennio team with a long standing background in packaging for the meat industry. Ennio's unique range of products together with Ralph's market experience will become your valued partner in putting together tailor-made solutions to meet your needs.

In addition, Ennio is launching a new and improved website this month to assist you with all your meat packaging requirements: [www.ennioUSA.com](http://www.ennioUSA.com).

The meat industry is dynamic and constantly changing to meet the demands of the market and requirements of food safety, Ennio International, with their wide and varied range, gives you the flexibility to provide the solutions you require to meet the market demands of today and those of tomorrow.

**Ennio, giving you choices to move with the times too.**
