

ennio Netted Casing

BENEFITS

BENEFITS

Ennio Netted Fibrous Casings	V	Fabric / Knitted Casings
Stuffing automatically	=	Higher production rates
		More units per minute
Increased yield – up to 12%	=	Less pervious casing/greater moisture retention
		Significant reduction in weight loss during stuffing
		Less shrinkage during cooking
Excellent peeling	=	No sticking to casing, resulting in product damage & loss
No pre or post cooker showering required	=	Less processing time
		Environmentally superior (less water usage)

Netting available in a wide range of colors, sizes and shapes:
Square, Rectangular, Diamond, Hexagonal
